Rob,

Can you give us an update on the submittal of?:

- o The maps showing the polygons used to define the SWAC including a description of the methodology
- o The requested details of analysis of water column concentrations

Peter Israelsson indicated in the latest version of the summary that this was going to be transmitted on or about May 7 – and it's May 7 today.

Stephanie and Eugenia:

Attached is a revised meeting summary addressing EPA's comments and changes. We have provided clean and RLSO versions for your review.

Please contact us with any questions and comments.
